New Company registration form

Proposed names

Please put the names in order of preference, in order to avoid all your names being rejected please make them as descriptive as possible. Please also ensure that you avoid words such as "Holdings", "International" etc. as these names can be misleading. It is also important to avoid commonly used words such as "Exclusive", "Magnificent" and "Infinity" etc. When using acronyms derived from the director's names, please ensure that you supply other alternative names.

It is important to provide us with four names as this increases your chances of having your preferred name approved. If your names are rejected, there is a resubmission fee of R100. You will need to provide with four more names for resubmission.
